Professional Development Request 2017:

Program or Service Unit: Business Administration AS-T

Submitter: Lynn Krausse

Submitter Telephone: 395-4377

Submitter e-mail: lkrausse@bakersfieldcollege.edu

What professional development opportunities would you like to see offered and why?

All of the professional development opportunities in our area are specific to the sub-disciplines and technical. Our professional development is funded through the CTE office, so there are no requests of a general nature for the Staff Development Committee, other than those normally offered.

Would you or someone in your area be willing to present on a professional development topic? If so, who and what topic?
