Senate Report 2/12/20

Since the last Senate meeting, I went to the Region V meeting in Clovis, and I nominated myself for the Vice Chair position, and was elected. :D Since then, Johnny has helped me train for my position, and has also helped me adjust. I have been working a lot on reading and getting used to the Region V Constitution and Bylaws and learning how to take minutes. Also, I am continuing to work alongside Director Plata and Senator Gayatao for the newsletter. Lastly, I have been working closely with Professor Lori Pesante to help raise awareness of the importance of the 2020 Census around BC by volunteering with her around campus.

Thank you
