

**College Council Report to FCDC
December 1 Meeting, 2017
Submitted by John Hart and Gregg Cluff**

I. President's Report

1. Despite Institutional Research showing enrollment at BC for Spring 2018 as 8.9% higher than the same time last spring, we are still below the target for Spring 2018 by 122 FTES.
2. Sonya has asked the Budget Committee to look at the enrollment numbers. Will we lose funding if we don't reach target growth? Or is this simply a ploy by the DO to refurbish their bank because they are at zero?
3. Guided Pathways institute was held in Bakersfield. "Our students were rockstars when they presented at the statewide Guided Pathways Institute 2." – Sonya Christian

II. Accreditation ISER: Standard 1B

1. Standard 1B is really about a dialogue. We have a rich dialogue at BC because we really do care about quality and effectiveness. We really do care about our students.
"Bakersfield College has a deeply-rooted culture of dialog that occurs in our formal structure as well as less formally in workshops and in between meetings. Our formal structure ensures that a systematic and regular dialog happens because it is intentionally designed." –Standard 1.B.1
2. "...for at least the past three years, all of our courses, programs and student services and learning support student learning outcomes have been assessed." – Standard 1.B.2
This statement is integral to our integrity.

III. District Consultation Council

1. Remarkable board meeting with BC representing itself professionally. At this point, the Board Policy Manual has been tabled until after winter break. Steven puts it in the top five moments that he is most proud of while being part of BC.
