- d. Reports
  - o Data Team Update (Mike)  
We reviewed a dashboard DJ recently created, showing enrollment trends, with demographic breakouts, so we could see which groups are most impacted by the pandemic. Among groups who have been less likely to enroll during COVID are:
    - Male students
    - Older students
    - First-generation students
    - Economically disadvantaged students and those receiving Pell grants (# of Pell students down by around half from fall 2019 to fall 2021)Recent high school graduates (2020 and 2021) are down. Local high schools graduated fewer students AND we got a lower percentage of recent high school graduates. And, continuing students are also down, by more than 1,000 from fall 2019 to fall 2021.  
We had some discussion, speculation, and anecdotal reports on the impact of recent changes at the CSUs and other 4-year colleges impacting our enrollment, of both new and continuing students. It's unclear what these policies will look like in upcoming years and how they will impact us. *Discussion Ensued (see chart on next page)*

**Annotations and Methodology:** The preceding tables represent the number and percent of high school graduates enrolled on census day during the first fall semester after high school graduation to any college within the district. Students who dropped for covid related reasons were counted as enrolled on census. The number of high school graduates comes from the California Department of Education Data and Statistics site or from the high school registrar's office. The tables are separated by High School Type:  
 • Public/Charter, Extended Service Area, Adult Ed/Continuation/Regional Employment Centers.

Among things we hope to examine in upcoming meetings are undocumented student enrollment, foster youth, and our equity gaps, particularly gender. We also plan to look at persistence rates.

○ SEA Update (Erin)

Even though Student Services wasn't offering in person sessions for all the matriculation components and FASA workshops, they were held virtually. As of August, these workshops are being held on site at the high schools. Today during the Counselors Retreat, the guidance counselors shared they are having a hard time getting students interested in the workshop regardless of the incentives given.

Out since August doing the career/major exploration workshops, CCApplly application, orientations (ongoing October and November). Just had our College and Financial Aid night (virtually).

11/2/21 held Counselor and Principal Retreat.

October and November Financial Aid is out doing their FASA workshops.

Gearing up for counseling and ed plan sessions on site at the high schools in February and March.

PC Connection also coming up in April 2022.

PC Salutes our Veterans was 11/1/21.

Reg Fest starts 11/3/21 – 11/9/21 for priority students.

First Gen Day 11/8/21

Continuing Reg Fest 11/17, 11/18, and 11/19.

Several events with our Adult Ed partners and ESL express enrollment coming up all the way through January, along with the equity work.

They will be submitting the SEA Program Review to Strategic Planning later this month. They also just submitted the UMOJA application 11/1/21. The new equity report will be due November 30, 2022 (application period 2022-2025).

○ ASPC Update (Jasmin)

This month is Native American month. They will be having Amy and a Mental Health Awareness workshop that the Tule River Resource Center is helping with, along with the Native American Club will have tables on 11/17/21.
