

## Best Practices Form

**Instructions:** *Submit this form as a separate attachment with your completed Program Review.* Programs often do something particularly well; usually they have learned through assessment—sometimes trial and error—what solves a problem or makes their programs work so well. These are often called **Best Practices** and can help others. Please share the practices your program has found to be effective. The contact information lets others know whom to contact for more information. This part of Program Review is linked to the Student Success Strategic Goal: “Become an exemplary model of student success by developing and implementing best practices.” For examples of Best Practices visit the [Program Review Committee’s website](#).

**Best Practice(s):**

The Officers routinely walk through the various departments with high student traffic to reduce behavior that otherwise has been a problem in the past. High visibility patrols in the interior of campus and interactions with the students and staff help not only build a good working relationship but also lets those who may otherwise cause problems know that Officers are constantly in the area.
