

**2013-14 Program Review**  
**Best Practices Form**

**Instructions:** *Submit this form as a separate attachment with your completed Program Review.* Programs often do something particularly well; usually they have learned through assessment—sometimes trial and error—what solves a problem or makes their programs work so well. These are often called **Best Practices** and can help others. Please share the practices your program has found to be effective. The contact information lets others know whom to contact for more information. This part of Program Review is linked to the Student Success Strategic Goal: “Become an exemplary model of student success by developing and implementing best practices.” For examples of Best Practices visit the [Program Review Committee’s website](#).

**Best Practice(s):**

Faculty and staff involvement in local theatre productions seems a particularly good recruitment tool. We hope our new faculty mentor program will increase the number of AA-T graduates. While we have only just started the program the student theatre majors have been enthusiastic about participating in it. The faculty will meet with the majors each semester and each faculty member will work with a share of the majors individually throughout their time at BC. We should know in a couple of years if this program increases the number of degrees awarded.
