Funding Source or needs funding. Please explain

PLEASE NOTE: If you have multiple requests, please submit multiple forms.

Please share as many details as possible such as room location(s), type of equipment and/or software requested. If you have a cost estimate, that would be helpful, we will contact you for more details.

Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request.

You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

New Flat Screen TV for North Wall in FA8.

Due to the size of the classroom students are unable to see details on the screen at the front of the classroom. I am requesting an additional TV be placed in on the wall in the back part of the class so students will be to follow lectures from their workstations.

I am requesting the following:

Build out Partition in FA8

Currently FA8 is separated into two rooms by a 6 ½ foot partition. While this partition does allow for storage on the back half of the classroom it prevents the use of the space for instruction and security while the front half of the class is being used. I propose that the partition be completed to create additional instruction space.

I am requesting the following:

Track Lighting in West Partition

The west half of FA8 is used for instructional activities which include critiques. Track lighting in this space would help highlight student work and enhance student engagement and success during critiques.
