Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request. If you have a cost estimate, that would be helpful, we will contact you for more details.

I am requesting the following facilities need:

Removal of carpeting from FA9 and FA10 and polish concrete floors.

Comments: The carpeting in these labs is in poor shape, very dirty and stained and the lab floors would be easier to clean if they were like the floor in FA8. In addition, the trapped dirt and particles are potentially asthma and allergy inducing.
