You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

<p>Remodel of the storage space between Fine Arts 9 and Fine Arts 10.</p> <p>The storage space was originally used by two-dimensional design, drawing, and painting classes when the classrooms were configured for these courses.</p> <p>Now the classrooms are used for graphic design and digital photography, and the storage needs have changed. The department stores paper and supplies for the graphic design and digital photography printers, and houses the graphics tablets, color calibrator, and other similar items. There is inadequate storage for the current needs of the space.</p> <p>In addition, we need a dedicated area that students can use for cutting and mounting projects.</p> <p>This space has been used “as is” since 2004, when FA9 was remodeled – 14 years. We have had heard promises of a remodel of the building “in 3 to 35 years” and we’re nearly halfway to 35 years...</p> <p>It’s past time for a remodel of the storage space.</p>
