*Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request.*

You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

MS-2 and MS-26 needs to be remodeled to make it more conducive for effective teaching. The instructor desk is too close to the board. The mess of cords going across, around, and through the instructors desk is not only a major inconvenience but a safety concern. The instructional technology also needs to be upgraded (i.e. computer, projector, document camera and sound system).
