

Program Review – Assessment Report Instructions

Instructions:

1. In eLumen, the department chair (utilizing the Report Creator role), or the Assessment Committee representative, over the program needs to generate the report titled "SLO Performance - By Department, Course, CSLO". The report should be generated for each required course and elective listed in the program (e.g., if a math course is part of the psychology program, then the above report should be pulled for both mathematics and psychology courses). When running the report be sure to include fall, spring, and summer terms for the prior academic year. See handout "eLumen Training for Department Chairs" on the Academic Technology webpage for more detailed instructions: www.bakersfieldcollege.edu/academic-technology/elumen-assessment
2. Assessment Table - Column 1: list each required course and elective for the program.
3. Assessment Table - Columns 2 – 6: At the end of each course in the above report, there is a table titled "Totals for CSLOs" that contains the data necessary to complete the Assessment Table. Be sure that all rows that contain data total to 100% for Column 6.
4. Complete one Assessment Report per program and return the completed form(s) to the Program Review Committee. Write your responses in the textbox, the textbox will expand as needed.

Program Review – Assessment Report

Name of Program: Human Biology

Plan – Describe the process used to assess the courses for this program.

Assess – Fill in the table using the data from the report SLO Performance - By Department, Course, CSLO

Courses	% Students Exceed	% Students Meets	% Students Doesn't Meet	% Students N/A	Total
CHEM-B1A	8.10	54.14	26.84	10.92	100
CHEM-B1B	43.75	31.87	16.88	7.5	100
CHEM-2A	0	0	0	0	0
CHEM-B11	6.14	47.73	32.95	13.18	100
BIOL-B16	59.94	26.81	13.25	0	100
BIOL-B32	0	57.03	26.96	16.01	100
BIOL-B33	0	72.67	27.21	0.21	100
MEDS-B60	0	0	0	0	0
NUTR-B10	25.00	41.67	33.33	0	100

Reflect – Based on the SLO performance data listed in the table, describe both the strengths and weaknesses of the program.

- Strengths
 - Most courses have assessment data entered into eLumen
 - The majority of students assessed meet SLO standards
- Weaknesses
 - Several courses do not have assessment data entered into eLumen

Refine – Summarize the changes that discipline faculty plan to implement based on the program's strengths and weaknesses listed above.

- There should be dialog within disciplines (Biology – Chemistry) to discuss SLO's and pre-requisites to ensure students are obtaining content required for subsequent courses

Dialogue – Explain when, or how often, discipline faculty meet to discuss the assessment process (e.g., planning, data collection, and results) for this program (e.g., department meeting).

- Biology faculty meet 2-3 times per semester to discuss assessment plans and the results of the assessment
