Needs Funding	<input checked="" type="checkbox"/>
Grant	<input type="checkbox"/>
Department	<input type="checkbox"/>

If you have multiple requests, please submit multiple forms.

Please share as many details as possible such as room location(s), type of equipment and/or software requested. If you have a cost estimate, that would be helpful, we will contact you for more details.

You will have an opportunity to present your request to the ISIT committee.

I am requesting the following technology or software:

<p>This request is for Communication Full-Time Faculty Offices:</p> <ul style="list-style-type: none">• New computers <p>Rationale: Our offices have computers that are, in some instances, 7 years old. The Communication Department Foundation Account bought many of these computers years ago, and they are showing their age.</p> <p>Larger displays to share information with students during office hours, touch screens to more easily navigate through information, faster processors to cut down on wait times, and solid-state drives to speed file access are a few of the technical advancements to find widespread adoption since our current computers were installed.</p> <p>The Department is moving strongly to adopt Canvas in both hybrid and traditional course delivery and is involved in the e-Lumen pilot. Our computers need to be upgraded to enable our curricular upgrades.</p>
