ISIT/FACILITIES/OTHER EQUIPMENT REQUEST 2018:

Program or Service Unit: | Industrial Drawing / CAD

Submitter: | Klint Rigby

Extension: | 4225

E-mail: | krigby@bakersfieldcollege.edu

Funding Source or needs funding. Please explain | Needs funding – replacement of computers in MS9 and MS10

PLEASE NOTE: If you have multiple requests, please submit multiple forms.

Please share as many details as possible such as room location(s), type of equipment and/or software requested. If you have a cost estimate, that would be helpful, we will contact you for more details.

Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request.

You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

It is time to replace all of the computers in MS9 and MS10 and faculty offices with new computers.

This is a regular process that occurs every three years due to the increased demand of software used by Industrial Drawing, Architecture, and Engineering.

All three programs share the computers and labs in MS9 and MS10.

The computers now in use in these rooms are usually distributed to faculty, labs, or other classrooms on campus.

If this request is not filled the three programs will be negatively affected by computers that fail due to demand and age.
