I am requesting the following:

--(Important) We have some instructors that integrate student computer use into classroom instruction. We would love to have a computer lab for this purpose. We are officially requesting either own or an opportunity to share a room that contains 40 computers. This request is thus for both a) a room big enough to support 40 computers, and b) 40 computers for our students plus one for the faculty member. Currently, faculty members try to reserve SS151 to this end, but it is not always available.
