I am requesting the following:

<p>-- SAFETY CONCERNS: The elevator going up to our rooms in the Humanities building, namely 104 and 105, still has an ineffective and unreliable elevator. This of course negatively impacts student's success in two ways: it shows the students that the campus does not care about the student environment, which may be correlated with an increase in student motivation to be successful—leading to lower retention rates. Also, by not having a functional elevator, the second floor classes have had change rooms mid-semester (last year) because a student with a disability couldn't access their classroom. Without a functional and reliable elevator, this negatively impacts a small, but nevertheless significant, student population who need such an accommodation.</p> <p>Please replace or permanently fix the elevator in the humanities building</p>
