

ISIT/FACILITIES/OTHER EQUIPMENT REQUEST 2018:

Program or Service Unit:	Paramedic Program
Submitter:	Christine Harker
Extension:	4116
E-mail:	charker@bakersfieldcollege.edu

Funding Source or needs funding. Please explain	Needs Funding. This year the equipment requested is very expensive and far exceeds what our paramedic program budget can normally handles.
---	--

PLEASE NOTE: If you have multiple requests, please submit multiple forms.

Please share as many details as possible such as room location(s), type of equipment and/or software requested. If you have a cost estimate, that would be helpful, we will contact you for more details.

Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request.

You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

<ul style="list-style-type: none">• Equipment – Simulator<ul style="list-style-type: none">○ \$31,999 (per price quote) - Ambulance Simulator for classroom set up: This simulator would need it's own lab space as it is wide. It is approximately 8' wide, 12' long, 8' high, 2,500 pounds. We have the room in our skills lab at the Weill Institute in room 104 to handle this piece of training equipment. <p>We have 120 EMT students and 20 paramedic students that would share the simulator. Both groups of students would use it frequently for performing more realistic skills in the back of an ambulance. We plan to stock the simulator the same as a 911 ambulance and utilize our 3G SimMan manikin as the patient in the ambulance simulator.</p>
