**PLEASE NOTE: If you have multiple requests, please submit multiple forms.**

*Please share as many details as possible such as room location(s), type of equipment and/or software requested. If you have a cost estimate, that would be helpful, we will contact you for more details.*

*Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request.*

You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

<p style="text-align: center;"><b><u>Technology:</u></b></p> <p>Additional computers for the Allied Health Computer Lab (MS 165). Currently 18 computers does not provide opportunity to utilize the space during a scheduled class session. There is physical desk space available on the center tables of this computer lab to add at least 2 computers or more (4 would be great). Our program has several software options that would make outstanding investigative, in-class learning. However, our smallest class is 20 students, making class utilization a challenge. The computers would need to meet campus standards with Microsoft Office suite available and connectivity to the Allied Health server where the nursing and radiologic technology software is stored.</p> <p>This request was initiated in 2017-2018 Program Review</p>
