Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request.

You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

Type of Equipment: Data/Video Projector Rooms: LA 217 and LA 221. In several of the rooms in Language Arts there are ceiling mounted projectors. There are none in LA 217 or LA 221.

Technology and media are now essential components of student engagement, which enhances the learning environment. However, the lack of projectors has also become an issue of accessibility for students with disabilities. Currently, LA 217 and LA 221 operate with screens that are no larger than a TV screen. When incorporating videos in the classroom, it is difficult to read closed captioning on smaller screens, especially considering one cannot increase the size of the text. This is particularly difficult for hearing impaired students who rely on closed captions to follow the content of classroom activities which incorporate videos.
