You will have an opportunity to present your request to the ISIT/FACILITIES OR CTE committee.

I am requesting the following:

<p>Laptop cart with 20-25 laptops. The laptop cart will be located in the main DST building for student use. Currently we only have 12 computers available for general student use in the DST lobby. Although there are additional computers available in a couple of different areas, students tend to spend their time preparing for class in the DST lobby. Instead of adding additional desktops, we would be able to check out laptops for students to use on the tables located in the lobby. Additionally, this would allow us to provide additional computers if needed in the tutoring center, library, or classrooms.</p>

I am requesting the following:

Two large (i.e. 65 in) monitors for Student Welcome Center and DST Lobby. Monitors will be used to display pertinent informational material for students. This will allow us to regularly update information rather than depending on printed materials.
