I am requesting the following:

<p>Four Projectors and Four Laptops</p> <p>We have an Art Appreciation faculty member offering to teach inside of the prisons. The class requires a wide variety of art that needs to be shown during the class and photocopies are not sufficient.</p> <p>If we were able to purchase the projectors and laptops, we could work with the Warden's Office at the prisons for approval of these specific electronics for these specific classes. The electronics could be housed at the prison for the semester in a locked cabinet and secured. The Art Appreciation faculty member could teach the classes so students could finish their degrees. Area C.1. is the only area missing from the degree pattern and we rely on volunteer faculty to offer all courses in our Associate Degree for Transfer.</p> <p>NOTE: Flash drives are not allowed in prisons so we would need the laptops so the faculty member could load all of the art on the computer before the semester begins.</p>
