NURSB70: Role Transition: Bridging Nursing Theory to Practice

Upon completion of the course, the student will be able to Provider of Care- The student will provide safe nursing care through therapeutic nursing
interventions to clients that have increasingly complex outcomes. The care is
characterized by the ability to cluster and prioritize increasingly complex nursing
interventions, anticipate expected and unexpected outcomes, incorporate comprehensive
assessment data into the plan of care, utilize effective communication skills, demonstrate
respect for diverse cultures, educated clients regarding health needs and promote client
advocacy with increasing independence.

	N/A		Exceeds expectations		Meets expectations		Does not meet expectations		Total
