

# Assessment Committee Roundtable

---

**ANTHROPOLOGY**

# Context

---

- 2 Person Department
- Most are on their way to a different career
- SLOs in process of revision

## SLO 1

---

Demonstrate an understanding of humanity's biological diversity through application of core concepts and methods in physical anthropology to explanations of human biological diversity; and explain how natural selection results in evolutionary change and adaptation.

# Plan

---

- Predators versus Prey Game
- Principles of Natural Selection Essay
- Darwin's Brilliant Blunder Riddle

# Assess

---

Exceeds	Meets	Does Not Meet
20	11	18
41%	22%	37%

# Reflect

---

Natural Selection	Genetic Drift	Gene Flow	Mutation	Natural Selection?
92%	67%	69%	90%	67%

# Refine

---

- Meets the natural selection criteria
- Students need additional assistance with 2 of the 4 mechanisms of evolution
- Speciation story timing?
