

3/12/2013/// 3/14/2013 Update

APR Proposal: Assessment and Evaluation of Technology:

How do you assess the effectiveness of technology used in your program in meeting college institutional goals?

Has your program received new or newer technology since last Program Review Process?

- If yes, how have you assessed the outcome of the use of that technology and its effectiveness as it relates to student outcomes?
- If no, what technology could play a contributing factor in future student success and outcomes for your program? How would you evaluate the use of this technology?
- As part of your assessment, would there be other areas that you feel could use this technology?

Technology requests can be made by filling out the ISIT Request form.
