OPPORTUNITY TO ADDRESS THE SENATE

Planned Data Warehouse
Amber Hroch, Institutional Researcher of the Office of Institutional Effectiveness (OIE)
https://www.bakersfieldcollege.edu/oie

BC utilized funds from the Innovation Award to support the creation of a data warehouse. A data ware is a centralized database that integrates information from the onsite organization (e.g., Banner, Starfish, CalPASS, eLumen, etc.) and provides snapshots of key data, a streamlined data system, and a single version of the truth. The current operational data store (ODS) has challenges when extracting data and are inadequate to meet the information needs of the College.
