– Tulare Room

Business Services:
- Review of the Joint Analysis of the 2020-21 Governor’s Budget available here.
  - 0.5% FTES growth funding available
  - Page 5: Increase in local property tax. Rumors are circulating that property tax collections will close the funding gap of the SCFF ($103M shortfall)

Board Policies:
- Board Policies: First reading of Section 2 available here.
- BP 2310: Recommended that minimum notice to personnel change from 24 hours to 72 hours.
- BP 2430: Delegation of Authority to Chancellor:
  - Board requested a side-by-side analysis provided by the Chancellor at the February board meeting.
- BP 2015: Student Member
  - Steven Holmes: Requested changes to enhance student trustee activity to include making motions, voting and attending closed session meetings.
  - Tom Burke: Feel comfortable with current language as fair and adequate given the nature of the position.
  - Samantha Poledo: Advocated for attending closed session meetings
- BP 2210: Officers
  - Steven Holmes: Noted 3 duties were omitted. A recommendation was given to include those duties back into BPs.
- BP 2340: Agendas
  - The Chancellor’s recommended changes were unanimously supported.
- BP 2345: Public Participation at Board Meetings
  - ‘14 days prior to meeting’ is problematic since the agenda isn’t made public until 7 days prior to the meeting. The Chancellor will consult with General Counsel and CCLC to update without violating Brown Act parameters.
- BP 2430: Delegation of Authority
  - General concern that CCLC language has been adopted which minimizes authority to the college presidents. A recommendation was submitted to keep previous BPs identifying and recognizing authority of college presidents.

  - Note: the DO Climate survey results are expected to be shared at the next DCC meeting.

CCOMM (Johnson/Menchaca)-submitted as written
Website: https://committees.kccd.edu/bc/committee/curriculum
Committee has had one meeting to date. Following the Brown Act training during flex week, adjustments were made to the agenda to include additional clarifying information. We also moved the meeting location ensuring accessibility.

The Committee spring semester workload includes the following (and growing):
• 41 rollover courses
• 11 roll over programs
  Rollover refers to courses and programs which were on first agenda in Fall 2019
• 162 courses in que to place on first agenda
• 26 programs in que to be placed on first agenda
Committee Co-Chairs workplan includes:
• Compiling the out of compliance list. The process is to share the list with faculty chairs by the end of the semester.
• Communicating with faculty when revisions are needed for curricular submissions
• Evaluating and adjusting eLumen workflows and processes to facilitate efficiency of curriculum review.
• Meeting with departments to complete modifications to their program(s).

Upcoming:
• Meeting with key campus constituents regarding credit for prior learning policy. All Community colleges have a December 2020 compliance date.
• Catalog work group has been convened. The timeline is aggressive with the goal of having the catalog ready for approval at the May BOT meeting.

EODAC (Hirayama)
Website: https://committees.kccd.edu/bc/committee/eodac
Hirayama shared the committee is requesting a nonvoting diversity rep serve on all hiring committees. Their reason for this is because as an institution we are falling short on areas of diversity. Also there is a need to provide better recruiting and advertising.
• Hiring pool is at 70% white faculty
• Committee is receiving complaints
• Violation of Ed Code
One solution is having a diversity rep, another way is offering more discussions about diversity prior to reviewing the hiring pool. Members questioned if we are looking at diversity beyond just race and gender. Hirayama responded that they are, although these are the areas that are monitored more closely.

Professional Development Committee Report-2/19/20

Spring 2020 Flex Week
During Spring Flex Week (1/13/20- 1/15/20) 48 separate workshops were offered, this was 27 workshops more than were offered during the Spring 2019 Flex Week. In those 48 workshop, 313 separate enrollments were accounted for. We don’t have enrollment data from Spring 2019 to create a comparison.
Additionally, during the Fall 2019 Semester, we had asked for feedback from both Academic Senate and ISIT Committees to help us determine a better way to receive evaluations from each workshop. Typically, this had been handled electronically. The feedback suggested that we provide evaluations on paper during each workshop. Consequently we handed out evaluations on paper at each workshop. As a result we received 296 evaluations, or a 95% response rate.
Key findings included:
   1. Respondents would like to have snacks available during Flex Week.
   2. Respondents would like to have more hands-on offerings.
   3. Respondents appreciated communications when changes to workshops occurred.
   4. Respondents were frustrated that some workshops were cancelled due to illness.
