UNFINISHED BUSINESS
A. Senate Goals
_Description: Annual review of the goals; visit the Academic Senate to view the document._
Recommendation to add “and processes” to Goal #3

_M. Ysais motioned to approve the goals with the recommendation, X. Tavares seconded; motion passed unanimously._

NEW BUSINESS
a. Rename of Department (Holmes)
_Description: proposal to rename Health & P.E. to Kinesiology & Athletics; visit the Academic Senate to view the document._
1st READ; this will be a voting item at the next meeting.

Dean summarized the proposal: The term physical education is too narrow for the department. Student majors are going different paths other than the traditional style of physical education teacher or coach. For example, physical therapy, sports and exercise psychology. The majority of the state universities and local level community colleges are using the term kinesiology; therefore this defines the discipline more accurately.

Questions asked:
- Curriculum: Physical Therapy classes will go under Kinesiology
- Articulation: Changing the prefix is not a substantial change at the state level and is just a matter of switching the program code. It will not affect transfer unless there are specific changes to the course outline of record.
b. **Racial Equity Commitment**
Tavares shared that the Physical Science Department has concerns that this document which surfaced from FCDC was not given enough avenues open for discussion for faculty input. Most of the faculty have expressed concerns over the document. In general we need clarity on the language.

Examples:
- Students of color and what is the criteria that will be used to put students into that category.
- Dismantling institutional barriers and how those would be identified.
- Racial equity and how is the college defining equity.
- Micro aggressions implicit bias and racism and how that will be defined.
- Financial barriers and how will they be defined, how is the impact going to be measured, especially because we’re going to hold ourselves accountable for it.
- Why is BC focusing on racial equity instead of general equity and inclusiveness?

Hirayama shared his committee has received questions regarding definitions and are working on this. He referenced a report from CCCCO: [https://www.cccco.edu/-/media/CCCCO-Website/Reports/CCCCO_DEI_Report.pdf?la=en&hash=69E11E4DAB1DEBA3181E053BEE89E7BC3A709BEE](https://www.cccco.edu/-/media/CCCCO-Website/Reports/CCCCO_DEI_Report.pdf?la=en&hash=69E11E4DAB1DEBA3181E053BEE89E7BC3A709BEE)

Strobel pointed out that the *Racial Equity Commitment* document is located on the College Council website for the June 16th meeting (Special College Council Meeting). It was mentioned that if the document was at CC, then faculty reps should have had reviewed it. Moreland, CC Faculty Rep shared that not all documents are reviewed or discussed in depth. It could have been mentioned as an item being worked on, but nothing more.

Holmes recommended to do some information gathering before discussing further and asked Tavares and Ellis to take the lead on this item.

**REPORTS**

**President’s Report**

**EW's:** We stay by our current Board Policy and catalog language which states extenuating withdrawals must be done by the last day of classes and prior to the beginning final exam period. This is in line with Title 5 legislation. Verified by A&R are some examples:

- Extenuating circumstance
- Accident
- Illness
- Death of immediate family member
- Other circumstances beyond your control

A&R is creating a new form to help with this verification process for just EW's.

Kim asked if there is a policy on the last day the student was in class, since we are teaching online? Strobel provided catalog language:

*Distance Education Attendance Policy:* Bakersfield College updated its Distance Education Attendance & Non-Participation Policy in Spring 2011 in response to U.S. Department of Education requirements that institutions receiving federal financial aid have a policy on non-participation for distance education classes. The Bakersfield College DE policy found at [https://bakersfield.elumenapp.com/catalog/2020-2021/attendancenotes#mainContent](https://bakersfield.elumenapp.com/catalog/2020-2021/attendancenotes#mainContent) states:
All students enrolled in distance learning courses must log in to each course and complete any assignment or other activity, to be determined by the instructor, that are required during the first week. Students who fail to complete first week assignments/activities within the instructor’s deadline may be dropped.

After the first week and during the time period before the final withdrawal date, students are responsible for officially withdrawing from any class or classes in which they no longer wish to be enrolled. See Withdrawing from Classes for additional details.

As stated in Class Attendance above, "instructors may drop a student from a course when absences number the equivalent of two weeks of class recorded from the first day of instruction." In the case of distance learning, absences shall be defined as “non-participation.” Instructors may drop students after the equivalent of two weeks of non-participation from the first day of class. Non-participation shall be defined as, but not limited to:

- Not following the instructor’s participation guidelines as stated in the syllabus
- Not submitting required assignments
- Not contributing to meaningful discussion in required chat rooms, discussion boards, or other online forums
- Not participating in scheduled activities
- Failure to communicate with the instructor as required

Note: simply logging into the course does not constitute participation. You must demonstrate that you are actively participating in the course by submitting required assignments, contributing to discussion forums, etc. as outlined above. Holmes will confirm this and circle back to Senate.

**Waitlist Codes:** Senate Presidents and Chancellor met to discuss this item. It is still “on the table”. The Chancellor’s concern is when updating the Banner system, then they also have to update the codes and this is an additional cost.

**District Consultation Council (DCC)**

Board Policy Chapter 4: Starting over the summer, the three Senate Presidents’ and John Means have been reviewing Chapter 4 BP. Specifically the policy that deals with rely primarily upon the advice and consent of the Senate. The history of the state level of governance, 10 plus one started with a group of faculty and administration who identified where any changes to those policies would have to rely primarily upon the advice and consent of the Senate. We’ve held true to that for the last 40 years. This movement is to change our policies from our own local decisions to really a template that’s produced by the state agency. In meeting with both the other Senate President’s we came to an agreement that we don’t want any of our current BP’s that say rely primarily upon the advice and consent of the Senate to be removed. We have made around ten recommendations. However, the Chancellor stated he would take our suggestions into consideration.

District-wide Budget Committee (DWBC)
We are being held harmless in our current academic year, which means we get the same amount of money we did last year regardless if we had growth or loss. This is a benefit to the college since we did not reach the same FTES. Its important to get students enrolled for spring because we don't have the ability to take as big a hit as we did in fall. Information is out that we will continue the current online courses through Spring.

COMMITTEE REPORTS
AIQ (Commiso) - submitted as written
Website: https://committees.kccd.edu/bc/committee/accreditation

AIQ Report
Prepared for Academic Senate, September 23, 2020
Grace Commiso, Faculty Co-Chair AIQ

AIQ Charge:
• Updated membership section only to reflect current membership

Institution-Set Standards:
• Presented at CC 9/8/20, see supporting documentation for presentation
• Starting our Annual Review Process: holding ourselves accountable for student learning and completion
• We will evaluate the last years data, which we have requested of OIE, and then will present to Senate and College Council
   o Looking to bring forward and recommendations for revisions, increasing/decreasing goals, removal/addition of standards, etc.
• One area we are looking at closely is the disaggregation of our ISS outcomes, we are working with OIE to create a Tableau to display this data
• Considering the addition of an ISS focused on Financial Aid
   o Completion of FAFSA &/or Dream Act
   o Requested 5 years’ worth of data from OIE in order to discuss possible standards
• Lastly, SLO completion. How do we know if students are attaining SLO’s? How can ISS outcomes inform assessment? & How do we know if learning is equitable?
   o We do not have this one figured out yet, we are partnering with the assessment committee and asked that they come back with some suggestions to discuss however Jessica and I will be involved and supporting those conversations as they happen.
   o Most importantly how can we structure our ISS’s through a student learning lens and assess the work?

Strategic Directions:
• Current 3-year cycle ending. Nothing due in Fall, just a reminder for final scores will be due in Spring.
• New cycle will start soon. Todd Coston is charged with leading that work and developing the process for collaboration much like was done last time (e.g. task force to gather suggested initiatives and then to present at committees for feedback, etc.)

ISIT Committee meeting of May 4, 2020
The following updates were provided:

1. Academic Technology: Matt Jones noted that professional development meetings are continuing and that Pamela Rivers has requested people to host FLEX meetings (as well as attend) for the start of the fall 2020 semester.

2. Student Success Technology: Dan Hall shared that A & R is swamped with student phone calls and can’t keep up. A 3-year agreement has been made to use chatbox (?), an AI device similar to Alexa that can answer common questions.

3. Technology Support Services:
a. Todd Coston provided updates about the devices that have been provided to faculty and staff during the campus closure. He mentioned that some classrooms will be wired for the hybrid Zoom classes.

b. Todd also reported that responses to the Annual Employee Survey were at record numbers.

**ISIT Committee meeting of September 14, 2020**
The following committee information was reviewed:
1. the Technology Processes and Technology Plan, a 3-year document of which ISIT plays a role; the ISIT Prioritization process; and the Strategic Directions (section that involves the ISIT Committee).
2. ISIT charge was reviewed.
3. Committee Goals—select items from Strategic Directions are in our purview.

The following updates were provided:
1. Academic Technology: Matt Jones and Pamela Rivers noted that the number of faculty attending professional development flex sessions doubled from previous years. Sessions are continuing this fall, and the Academic Technology team has weekly office hours for one-on-one help.
2. Student Success Technology: Dan Hall shared that chatbox has been really helpful and they have been able to help a number of students connect with Financial Aid, Counseling, etc. in one visit, though the wait has been long depending for some. Most students are happy with the system (not sitting in a hallway for hours).
3. Technology Support Services:
   a. Todd Coston reported that BCSW (on the CSUB campus) is all set up.
   b. Todd also reported that the Chromebook/laptop loaner program is up and running.

**Program Review Report to Academic Senate**
**Sept. 23, 2020**
Kim Nickell, Faculty Co-chair

**Charge**
In support of the College’s mission, the Program Review Committee (PRC) facilitates an annual, systematic self-assessment of institutional effectiveness and future planning for instructional, student services, administrative, and operational areas. PRC provides training, feedback, commendations, and recommendations related to the program review process. The
committee contributes to "Closing of the Loop" by disseminating resource allocation requests to responsible committees and by improving our own processes. The committee reports monthly to Academic Senate and annually to College Council and Administrative Council at their last meetings of the calendar year.

**2019-20 Goals: We have reached all goals**

- Create an annual update that is relevant to hybrid programs that encompass both instructional and non-instructional elements
- Include Program Mapper in the Program Review process.
- Refine the eLumen Program Review
- Comprehensive Program Review in eLumen

**Work for Fall 2020:**

- **Meeting Tuesday Sept. 22, 2020**
  - Review PRC charge
  - Data discussion
  - Norming the feedback process
  - Train committee members on eLumen
  - Create goals for 2020-21

*See the Program Review web page for important information regarding the PR process, including supporting documents and representatives on the committee. If your area has no representation on the committee, please consider joining us.*
