Academic Kenewal Proposal	
The Academic Senate of Cerro Coso Community Bakersfield College, supports the following	Formatted: Strikethrough
proposal for revision of the Board Policy for Section 4C4E Academic Renewal (Title 5, Sections	
55044).	
Proposed:	
A maximum of 20 units of substandard grades ("D" and "F" and "NP" grades), previously recorded,	
which are not reflective of a student's present, demonstrated, ability may be disregarded for the	
purpose of determining the grade point average (GPA). This may be accomplished under the	
following conditions:	
1. At least one year 18 months has elapsed since the course work to be disregarded was completed.	Formatted: Strikethrough
2. Following the most recent grade to be disregarded, a student must have <i>completed</i> :	
<u>A) A-a</u> minimum of $1\frac{82}{2}$ units, at a regionally accredited institution, with a minimum of a 2.0	
GPA, and where more than 182 units have been completed, the student's cumulative GPA (not	
including the grades to be disregarded) must be a 2.50 or higher.	
<u>Or</u>	
B) A minium of 12 units, at a regionally accredited institution, with a minimum of a 2.0	
GPA, and where more than 12 units have been completed, the student's cumulative GPA (not	
including the grades to be disregarded) must be a 3.00 or higher.	
3. With the assistance of a <u>Cerro Coso Community</u> College Educational Advisor or Counselor, the	Formatted: Strikethrough
student must complete a petition for Academic Renewal, to be submitted to the <u>Admissions and</u>	
Records Office Academic Petitions Committee.	Formatted: Strikethrough
	Formatted: Strikethrough
4. The student must certify, in writing, that the past course work is substandard and not representative	- ormattear sameanough
of present scholastic ability and level of performance, as demonstrated by the G.P.A attained	

If approved, the substandard work will be disregarded in the computation of the grade point average and an annotation made on the permanent record. The permanent academic record shall remain a true and complete academic history and the coursework disregarded under this policy will remain on the permanent record. Students should be aware that all course work is subject to reevaluation by each subsequent college attended.

. .

subsequent to the grades to be disregarded.

Academic renewal may not be used to raise the GPA in order to qualify for graduation with honors. Academic renewal may not be applied to courses which have previously been used to meet certificate, degree, and/or transfer certification requirements or be used on classes that have been previously repeated.-

If the substandard course work has been taken at another college, the student should make every effort to determine whether that college has an academic renewal ("forgiveness") policy covering substandard course work. If the prior institution does not permit academic renewal, and inclusion of the substandard work would prevent completion, the Academic Petitions CommitteeCollege will consider a petition to exclude the substandard grades for purposes of calculating the cumulative GPA for graduation. The petition in this case will have no effect on the transcript but will allow the

graduation evaluation to note the omission of the substandard grades for purposes of computing the final GPA.
