Discussion of enrolling, dropping, important dates. Discussion of flex form. The yellow sheet with important numbers super helpful. The speakers were all wonderful.

**Q6: How could this event be improved?**

Any food at that vegans or other allergy folks could have.

**Q7: What topics would you recommend for future training?**

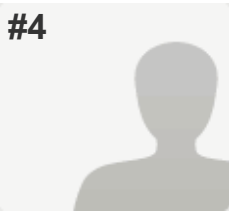

Where & how to park and acquire parking pass?

**Q8: Other comments/suggestions**

Would be great to plug professional development. I know they are always on the Inside BC but talking out the trainings we have would be great to improve learning.

I have been adjunct since 2013 and I always come away with something from this event.  
The technology breakout is always very beneficial.

**Q6: How could this event be improved?**

I would prefer shorter main meeting and longer breakouts, but I am returning and I understand that that is probably not possible.

**Q7: What topics would you recommend for future training?**

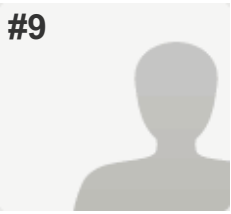

Possibly formative assessment. That is something we have spent a long time talking about in the KHSD

**Q5: What did you like most about this event?**

The discussion of language used in syllabuses (making it personal but professional, appropriate for the level of the class, etc.).

**Q6: How could this event be improved?**

A little more on the assessing of SLOs

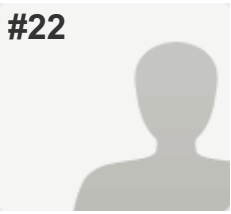

**Q7: What topics would you recommend for future training?**

Possibly a breakdown of the actual assessing of SLOs, but that might be better for a department meeting.

**Q5: What did you like most about this event?**

This was a great opportunity to meet fellow adjuncts, learn specific topics and points of information from the general meeting as well as the workshop.

**Q6: How could this event be improved?**

It would be beneficial to be able to work on a computer setting up a class in Moodle. Hands on is typically better than just showing. I have moodled both classes and my students now engaged in the class as well as online!!
