

Letter of Intent

Hello, my name is Jesus Arias and I am Applying for the Legislative Affairs Manager. I am most interested in this position because I will be able to directly represent the students through the issuance of laws that will benefit them all. I believe this is an adequate position for me because I took "We the People" in high school, recently passed my Rhetoric and Argumentation class, am in LUPE/Conexiones Estudiantiles, and am a proud Dreamer recipient. The skills I have acquired and the knowledge I currently hold will be an invaluable asset in helping me fulfill my Job as the Legislative Affairs Manager. The purpose of a student government is for the voice of the students to be heard. For them, and me, to have a voice in, and the power to influence laws/events that will directly impact us all. Thank you for your time.

Jesus A. Arias Martinez
