

BC West Summary

June 12, 2017

S. Waller, A. Guzman, R. McCrow

Our use of FPU rooms on Stockdale has been named BC West. Although FPU still is in the building, about half of the building will be leased for BC classes and BC signage will be placed inside and outside of the building.

Starting Fall 2017, the room capacity will more than double the number of sections that can be scheduled up to 70-80 sections per semester. We are planning a space for student support services, placement testing, and a faculty lounge.

Approximately east half of building is BC West.

Our class scheduling now indicates BC West Campus, helping to avoid confusion for our students.

Campus:

| | |
|-----------------------|---|
| BC Wasco | ▲ |
| BC Weekend Classes | ▲ |
| BC Weill Institute | ▲ |
| BC West Campus | ▲ |
| Cerro Coso CC On-line | ▲ |

Plans to advertise BC West directly to residents in that area will help with enrollment in our current Fall sections and provide a foundation for future growth into that space.

Current Fall 2017 schedule has 22 sections spanning basic skills English and math and college-level general education courses in CSU areas A1, A2, B2, B4, C2, D6, and E.

Goal: Provide the complete CSU Breadth GE at BC West.

Challenges: Lab or studio based courses will be difficult to run at BC West at this point.
