### EDUCATION CODE SECTIONS 78223, 66271.6, 66271.8, 67360 et seq.

**78223.** The governing board of a community college district may enforce rules and regulations relating to eligibility for and participation in intercollegiate athletics. The rules and regulations may include, but are not limited to, those adopted by a voluntary association, one of whose purposes is to govern intercollegiate athletics among schools and colleges.

**66271.6.** The Legislature finds and declares all of the following:

(a) On June 23, 1972, Congress enacted Title IX of the **Education** Amendments of 1972 to the 1964 Civil Rights Act. This landmark legislation provides that: "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance."

(b) While Title IX applies to all aspects of educational opportunities, it is well-known for opening the door to athletics for girls and women.

(c) In 1975, the United States Department of Health, **Education** and Welfare enacted regulations requiring that secondary and postsecondary schools comply with Title IX immediately. Those that could show real barriers to immediate compliance had just three years to meet the regulations, including equalizing their athletic programs.

(d) California state law has included several athletic equity provisions similar to those in Title IX since 1976. For example, the Sex Equity in **Education** Act provides, in subdivision (a) of Section 221.7, that: "It is the intent of the Legislature that opportunities for participation in athletics be provided equally to male and female pupils." Similar provisions are expressly applicable to community colleges and the California State University.

(e) Enhancing athletic opportunities for young women and girls is vitally important because of the significant benefits athletic opportunities provide including greater academic success, better physical and psychological health, responsible social behaviors, and enhanced interpersonal skills. For some women and girls, the financial support made available through athletic scholarships can make it possible to attend college.

(f) Title IX has promoted significant advances for women and girls to participate in sports. While fewer than 32,000 women participated in college sports nationally prior to the enactment of Title IX, today approximately 163,000 women participate--a nearly five fold--or more than 400 percent increase. Athletic opportunities for girls at the high school level nationally have grown even more dramatically--from 294,000 in 1972 to 2,800,000 today--an 894 percent increase. California boasts the second highest number of high school girls participating in athletics nationwide--a total of 270,000 girls in California's high schools now participate in interscholastic athletics.

(g) Men's intercollegiate athletic participation has also

increased, rising from approximately 220,000 in 1981-82 to approximately 232,000 in 1998-99. Between 1981-82 and 1998-99, football participation increased by 7,199; men's participation in baseball, lacrosse, and soccer also increased during the same time period. High school boys' participation rates have also increased--jumping 8.2 percent in the last three years in California.

(h) The dramatic increases in participation rates at both the high school and college levels since Title IX was passed show that when doors are opened to women and girls, they will rush through. Courts have repeatedly recognized that it is unfounded and unlawful to claim that women and girls are less interested in sports than men and boys. As one court stated, "interest and ability rarely develop in a vacuum; they evolve as a function of opportunity and experience . . ." (Cohen v. Brown University (1st Cir. 1996) 101 F.3d 155, 179). Accordingly, courts have repeatedly rejected arguments that the assessed interest level of girls in athletics should determine Title IX compliance (Neal v. California State University (9th Cir. 1999) 198 F.3d. 763, 767). Thus, interest surveys cannot accurately determine whether an educational institution has effectively accommodated the interests and abilities of female students.

(i) The United States Department of **Education** uses a three-part test adopted in 1979 to determine whether an educational institution has met the key Title IX requirement that a school "effectively accommodate the interests and abilities of members of both sexes" when it comes to athletic participation. All three prongs of the test have been used successfully by schools to comply with Title IX, and have given schools flexibility in structuring their athletic programs. The three-part test neither imposes quotas or requires preferential treatment, nor requires mirror-image men's and women's sports programs. The lawfulness of the three-part test has been affirmed by every federal appellate court to consider the issue.

(j) Despite major advances in athletic opportunities for females since 1972, discrimination still limits athletic opportunities for girls and women at all educational levels today. For example, although women in Division I colleges are 53 percent of the student body, they receive only 41 percent of the opportunities to play sports, 36 percent of the overall athletic operating budgets, and 32 percent of the dollars spent to recruit new athletes.

(k) In California, the percentage of female athletes at California State University (CSU) campuses actually declined from 36 percent in 1977 to 30 percent in 1990. In 1993, California National Organization for Women (Cal NOW) filed suit against the CSU system alleging violations of California's gender equity in athletics law. Ultimately, CSU and Cal NOW entered into a consent decree focusing on participation, expenditures, and grants-in-aid for women athletes. As a result of the consent decree, women now comprise over 52 percent

of CSU athletes, expenditures on women's sports have increased 315 percent in the last 10 years and grants-in-aid for female athletes have increased 232 percent during the same time period.

(l) Despite major gains for women under California and federal law, inequities in the treatment of men's and women's and boys' and girls' athletic teams at some educational institutions remain. These inequities include, but are not limited to, all of the following:

- (1) Participation rates for women and girls.
- (2) Number of sports offered.
- (3) Number of levels of teams.
- (4) Encouragement by spirit and band groups.
- (5) Facilities.
- (6) Locker rooms.
- (7) Scheduling of games and practice times.
- (8) Level of financial support by the district, school, booster club or clubs, and outside sponsors.
- (9) Treatment of coaches.
- (10) Opportunities to receive coaching and academic tutors.
- (11) Travel and per diem allowance.
- (12) Medical and training facilities and services.
- (13) Housing and dining facilities and services.
- (14) Scholarship money.
- (15) Publicity.

(m) Educational institutions at all levels are strongly encouraged to take immediate active steps toward full compliance with Title IX and California's gender equity in athletics laws by reviewing all aspects of their athletic program, including those factors listed in subdivision (l) where appropriate, to ensure that they are offering male and female student athletes equivalent opportunities to play sports and that they are treating male and female athletes fairly. The need to encourage and increase athletic participation by girls and women is especially strong at educational institutions serving inner-city and urban communities. Full compliance with Title IX is nondiscretionary.

**66271.8.** (a) The Legislature finds and declares that female students should be accorded opportunities for participation in public postsecondary educational institution athletic programs equivalent to those accorded male students.

(b) In apportioning public funds, public postsecondary educational institutions shall apportion amounts available for athletics to ensure that equitable amounts will be allocated for all students, except that allowances may be made for differences in the costs of various athletic programs. Notwithstanding any other provision of law, no public funds shall be used in connection with any athletic program conducted under the auspices of a public postsecondary educational institution, or any student organization within the

postsecondary educational institution, that does not provide equivalent opportunity to both sexes for participation and use of facilities. The factors considered when determining whether an educational institution has provided equivalent opportunity include, but are not limited to, all of the following:

(1) Whether the selection of sports and levels of competition offered effectively accommodate the athletic interests and abilities of members of both sexes.

(2) The provision of equipment and supplies.

(3) Scheduling of games and practice times.

(4) Selection of the season for a sport.

(5) Location of the games and practices.

(6) Compensation for coaches.

(7) Travel arrangements.

(8) Per diem.

(9) Locker rooms.

(10) Practice and competitive facilities.

(11) Medical services.

(12) Housing facilities.

(13) Dining facilities.

(14) Scholarships.

(15) Publicity.

(c) Whether a postsecondary educational institution has effectively accommodated the athletic interests and abilities of members of both sexes shall be assessed in any one of the following ways:

(1) Whether intercollegiate level participation opportunities for male and female students are provided in numbers substantially proportionate to their respective enrollments.

(2) Where the members of one sex have been and are underrepresented among intercollegiate athletes, whether the institution can show a history and continuing practice of program expansion that is demonstrably responsive to the developing interest and abilities of the members of that sex.

(3) Where the members of one sex are underrepresented among intercollegiate athletes, and the institution cannot show a history and continuing practice of program expansion as required in paragraph (2), whether the institution can demonstrate that the interests and abilities of the members of that sex have been fully and effectively accommodated by the present program.

(d) Nothing in this section shall be construed to invalidate any existing consent decree or any other settlement agreement entered into by an educational institution to address gender equity in athletic programs.

(e) Nothing in this section shall be construed to require a public postsecondary educational institution to require competition between male and female students in school-sponsored athletic programs.

(f) If an educational institution must cut its athletic budget, the educational institution shall do so consistently with its legal obligation to comply with both state and federal gender equity laws.

(g) It is the intent of the Legislature that the three-part test articulated in subdivision (c) be interpreted as it has been in the policies and regulations of the Office of Civil Rights in effect on January 1, 2003.

**67360.** (a) Except as provided in subdivision (b), no person shall give, offer, promise, or attempt to give any money or other thing of value to any particular student athlete or member of the immediate family of the student athlete for either of the following purposes:

(1) To induce, encourage, or reward the student athlete's application, enrollment, or attendance, at a public or private institution of postsecondary **education** in order to have the athlete participate in intercollegiate sporting events, contests, exhibitions, or programs at that institution.

(d) Except as provided in subdivision (b), any person who engages in conduct knowing or having reason to know that such conduct is in violation of subdivision (a) shall be subject to a civil penalty not to exceed ten thousand dollars (\$10,000), or three times the amount given, offered, or promised to the student athlete or immediate family member of the athlete, whichever is greater. The district attorney of any county in which a violation occurs shall enforce this chapter.

**67361.** (a) Except as provided in subdivision (b), no student athlete or member of his or her immediate family, as defined by

subdivision (c) of Section **67360**, shall solicit or accept any money or other thing of value as an inducement, encouragement, or reward, the giving of which is in violation of subdivision (a) of Section **67360**.

No person shall aid and abet any act described in this subdivision.

(b) This section does not apply to any student athlete who receives any money or other thing of value from a public or private institution or officers or employees of that institution, offered in accordance with an official written policy of that institution, which is in compliance with the bylaws of the National Collegiate Athletic Association; or from any other student of that institution; or from any member of the immediate family of the student athlete; nor shall this section apply to any student athlete who receives any intercollegiate athletic award approved or administered by that institution.

(c) Except as provided in subdivision (b), any person who engages in conduct knowing or having reason to know that such conduct is in violation of subdivision (a) shall be subject to a civil penalty not to exceed one thousand dollars (\$1,000) or an amount equal to the amount accepted by the student athlete or immediate family member, whichever is greater. The district attorney of any county in which a violation occurs shall enforce this chapter.

67362. (a) Notwithstanding Section 78223 or any other provision of law, no student athlete enrolled at any campus of the University of California, the California State University, or the California Community Colleges may participate as a member of any intercollegiate athletic team, or as a participant in any intercollegiate athletic event, except in a manner available to the general public, if he or she, at any time after his or her enrollment as a college or university student, is prosecuted as an adult and is convicted of a violation of Section 187, 209, 210, 211, 220, 243.8, 245, 261, 262, 264.1, 286, 288, 288a, 288.5, 289, or 459 of, or is convicted of attempted murder pursuant to subdivision (a) of Section 664 of, the Penal **Code**.

(b) An institution to which this section applies may rely upon the declaration of a student athlete to determine his or her eligibility for participation in intercollegiate athletics with respect to the requirements of this section. Any declaration obtained from a student athlete pursuant to this subdivision shall contain a notice advising the student that he or she may be subject to disciplinary action, including, but not limited to, suspension, dismissal, or expulsion, if the student knowingly provides false information in the declaration. An institution to which this section applies may, at the discretion of its appropriate administrators, seek independent confirmation of the truth of any and all of the statements of a student athlete taken pursuant to this subdivision.

(c) A student convicted of a violation of any of the Penal **Code** sections listed in subdivision (a) is eligible to participate as a member of an intercollegiate athletic team after he or she successfully completes the entire term of his or her probation or successfully completes his or her assigned prison term and parole period, if any.

(d) A student who knowingly provides a false declaration pursuant to subdivision (b) may be subject to disciplinary action under Section 66017 of the **Education Code**.

(b) *Effect of State or local law or other requirements.* The obligation to comply with this part is not obviated or alleviated by any State or local law or other requirement which would render any applicant or student ineligible, or limit the eligibility of any applicant or student, on the basis of sex, to practice any occupation or profession.

(c) *Effect of rules or regulations of private organizations.* The obligation to comply with this part is not obviated or alleviated by any rule or regulation of any organization, club, athletic or other league, or association which would render any applicant or student ineligible to participate or limit the eligibility or participation of any applicant or student, on the basis of sex, in any education program or activity operated by a recipient and which receives Federal financial assistance.

Such notification shall contain such information, and be made in such manner, as the Assistant Secretary finds necessary to apprise such persons of the protections against discrimination assured them by title IX and this part, but shall state at least that the requirement not to discriminate in the education program or activity extends to employment therein, and to admission thereto unless Subpart C does not apply to the recipient, and that inquiries concerning the application of title IX and this part to such recipient may be referred to the employee designated pursuant to §106.8, or to the Assistant Secretary.

(i) Give preference to one person over another on the basis of sex, by ranking applicants separately on such basis, or otherwise;

(ii) Apply numerical limitations upon the number or proportion of persons of either sex who may be admitted; or

(iii) Otherwise treat one individual differently from another on the basis of sex.

(2) A recipient shall not administer or operate any test or other criterion for admission which has a disproportionately adverse effect on persons on the basis of sex unless the use of such test or criterion is shown to predict validly success in the education program or activity in question and alternative tests or criteria which do not have such a disproportionately adverse effect are shown to be unavailable.

(c) *Prohibitions relating to marital or parental status.* In determining whether a person satisfies any policy or criterion for admission, or in making any offer of admission, a recipient to which this subpart applies:

(1) Shall not apply any rule concerning the actual or potential parental, family, or marital status of a student or applicant which treats persons differently on the basis of sex;

A recipient to which this subpart applies shall not give preference to applicants for admission, on the basis of attendance at any educational institution or other school or entity which admits as students only or predominantly members of one sex, if the giving of such preference has the effect of discriminating on the basis of sex in violation of this subpart.

(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)

### **§ 106.23 Recruitment.**

(a) *Nondiscriminatory recruitment.* A recipient to which this subpart applies shall not discriminate on the basis of sex in the recruitment and admission of students. A recipient may be required to undertake additional recruitment efforts for one sex as remedial action pursuant to §106.3(a), and may choose to undertake such efforts as affirmative action pursuant to §106.3(b).

(b) *Recruitment at certain institutions.* A recipient to which this subpart applies shall not recruit primarily or exclusively at educational institutions, schools or entities which admit as students only or predominantly members of one sex, if such actions have the effect of discriminating on the basis of sex in violation of this subpart.

This subpart does not apply to actions of a recipient in connection with admission of its students to an education program or activity of (1) a recipient to which subpart C does not apply, or (2) an entity, not a recipient, to which subpart C would not apply if the entity were a recipient.

(b) *Specific prohibitions.* Except as provided in this subpart, in providing any aid, benefit, or service to a student, a recipient shall not, on the basis of sex:

(ii) Shall not facilitate, require, permit, or consider such participation if such action occurs.

(ii) Comparable in quality and cost to the student.

A recipient may render such assistance to any agency, organization, or person which provides all or part of such housing to students only of one sex.

(Authority: Secs. 901, 902, 907, Education Amendments of 1972, 86 Stat. 373, 374, 375; 20 U.S.C. 1681, 1682, 1686)

### **§ 106.34 Access to classes and schools.**

(a) *General standard.* Except as provided for in this section or otherwise in this part, a recipient shall not provide or otherwise carry out any of its education programs or activities separately on the basis of sex, or require or refuse participation therein by any of its students on the basis of sex.

(1) *Contact sports in physical education classes.* This section does not prohibit separation of students by sex within physical education classes or activities during participation in wrestling, boxing, rugby, ice hockey, football, basketball, and other sports the purpose or major activity of which involves bodily contact.

(2) *Ability grouping in physical education classes.* This section does not prohibit grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex.

(3) *Human sexuality classes.* Classes or portions of classes in elementary and secondary schools that deal primarily with human sexuality may be conducted in separate sessions for boys and girls.

(4) *Choruses.* Recipients may make requirements based on vocal range or quality that may result in a chorus or choruses of one or predominantly one sex.

(b) *Classes and extracurricular activities.* (1) *General standard.* Subject to the requirements in this paragraph, a recipient that operates a nonvocational coeducational elementary or secondary school may provide nonvocational single-sex classes or extracurricular activities, if—

(i) Each single-sex class or extracurricular activity is based on the recipient's important objective—

(A) To improve educational achievement of its students, through a recipient's overall established policy to provide diverse educational opportunities, provided that the single-sex nature of the class or extracurricular activity is substantially related to achieving that objective; or

(B) To meet the particular, identified educational needs of its students, provided that the single-sex nature of the class or extracurricular activity is substantially related to achieving that objective;

(ii) The recipient implements its objective in an evenhanded manner;

(3) *Substantially equal factors.* Factors the Department will consider, either individually or in the aggregate as appropriate, in determining whether classes or extracurricular activities are substantially equal include, but are not limited to, the following: the policies and criteria of admission, the educational benefits provided, including the quality, range, and content of curriculum and other services and the quality and availability of books, instructional materials, and technology, the qualifications of faculty and staff, geographic accessibility, the quality, accessibility, and availability of facilities and resources provided to the class, and intangible features, such as reputation of faculty.

(4) *Periodic evaluations.* (i) The recipient must conduct periodic evaluations to ensure that single-sex classes or extracurricular activities are based upon genuine justifications and do not rely on overly broad generalizations about the different talents, capacities, or preferences of either sex and that any single-sex classes or extracurricular activities are substantially related to the achievement of the important objective for the classes or extracurricular activities.

(ii) Evaluations for the purposes of paragraph (b)(4)(i) of this section must be conducted at least every two years.

(5) *Scope of coverage.* The provisions of paragraph (b)(1) through (4) of this section apply to classes and extracurricular activities provided by a recipient directly or through another entity, but the provisions of paragraph (b)(1) through (4) of this section do not apply to interscholastic, club, or intramural athletics, which are subject to the provisions of §§106.41 and 106.37(c) of this part.

(c) *Schools.* (1) *General Standard.* Except as provided in paragraph (c)(2) of this section, a recipient that operates a public nonvocational elementary or secondary school that excludes from admission any students, on the basis of sex, must provide students of the excluded sex a substantially equal single-sex school or coeducational school.

(2) *Exception.* A nonvocational public charter school that is a single-school local educational agency under State law may be operated as a single-sex charter school without regard to the requirements in paragraph (c)(1) of this section.

(3) *Substantially equal factors.* Factors the Department will consider, either individually or in the aggregate as appropriate, in determining whether schools are substantially equal include, but are not limited to, the following: The policies and criteria of admission, the educational benefits provided, including the quality, range, and content of curriculum and other services and the quality and availability of books, instructional materials, and technology, the quality and range of extracurricular

offerings, the qualifications of faculty and staff, geographic accessibility, the quality, accessibility, and availability of facilities and resources, and intangible features, such as reputation of faculty.

(4) *Definition.* For the purposes of paragraph (c)(1) through (3) of this section, the term “school” includes a “school within a school,” which means an administratively separate school located within another school.

(a) *Counseling.* A recipient shall not discriminate against any person on the basis of sex in the counseling or guidance of students or applicants for admission.

(b) *Use of appraisal and counseling materials.* A recipient which uses testing or other materials for appraising or counseling students shall not use different materials for students on the basis of their sex or use materials which permit or require different treatment of students on such basis unless such different materials cover the same occupations and interest areas and the use of such different materials is shown to be essential to eliminate sex bias. Recipients shall develop and use internal procedures for ensuring that such materials do not discriminate on the basis of sex. Where the use of a counseling test or other instrument results in a substantially disproportionate number of members of one sex in any particular course of study or classification, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result of discrimination in the instrument or its application.

(c) *Disproportion in classes.* Where a recipient finds that a particular class contains a substantially disproportionate number of individuals of one sex, the recipient shall take such action as is necessary to assure itself that such disproportion is not the result

of discrimination on the basis of sex in counseling or appraisal materials or by counselors.

(a) *General.* Except as provided in paragraphs (b) and (c) of this section, in providing financial assistance to any of its students, a recipient shall not:

(1) On the basis of sex, provide different amount or types of such assistance, limit eligibility for such assistance which is of any particular type or source, apply different criteria, or otherwise discriminate;

(2) Through solicitation, listing, approval, provision of facilities or other services, assist any foundation, trust, agency, organization, or person which provides assistance to any of such recipient's students in a manner which discriminates on the basis of sex; or

(3) Apply any rule or assist in application of any rule concerning eligibility for such assistance which treats persons of one sex differently from persons of the other sex with regard to marital or parental status.

(b) *Financial aid established by certain legal instruments.* (1) A recipient may administer or assist in the administration of scholarships, fellowships, or other forms of financial assistance established pursuant to domestic or foreign wills, trusts, bequests, or similar legal instruments or by acts of a foreign government which requires that awards be made to members of a particular sex specified therein; *Provided,* That the overall effect of the award of such sex-restricted scholarships, fellowships, and other forms of financial assistance does not discriminate on the basis of sex.

(2) To ensure nondiscriminatory awards of assistance as required in paragraph (b)(1) of this section, recipients shall develop and use procedures under which:

(i) Students are selected for award of financial assistance on the basis of nondiscriminatory criteria and not on the basis of availability of funds restricted to members of a particular sex;

(ii) An appropriate sex-restricted scholarship, fellowship, or other form of financial assistance is allocated to each student selected under paragraph (b)(2)(i) of this section; and

(iii) No student is denied the award for which he or she was selected under paragraph (b)(2)(i) of this section because of the absence of a scholarship, fellowship, or other form of financial assistance designated for a member of that student's sex.

(c) *Athletic scholarships.* (1) To the extent that a recipient awards athletic scholarships or grants-in-aid, it must provide reasonable opportunities for such awards for members of each sex in proportion to the number of students of each sex participating in interscholastic or intercollegiate athletics.

(2) Separate athletic scholarships or grants-in-aid for members of each sex may be provided as part of separate athletic teams for members of each sex to the extent consistent with this paragraph and §106.41.

(1) Shall assure itself that such employment is made available without discrimination on the basis of sex; and

(2) Shall not render such services to any agency, organization, or person which discriminates on the basis of sex in its employment practices.

(b) *Employment of students by recipients.* A recipient which employs any of its students shall not do so in a manner which violates subpart E of this part.

(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)

### **§ 106.39 Health and insurance benefits and services.**

In providing a medical, hospital, accident, or life insurance benefit, service, policy, or plan to any of its students, a recipient shall not discriminate on the basis of sex, or provide such benefit, service, policy, or plan in a manner which would violate Subpart E of this part if it were provided to employees of the recipient. This section shall not prohibit a recipient from providing any benefit or service which may be used by a different proportion of students of one sex than of the other, including family planning services. However, any recipient which provides full coverage health service shall provide gynecological care.

(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)

#### **§ 106.40 Marital or parental status.**

(a) *Status generally.* A recipient shall not apply any rule concerning a student's actual or potential parental, family, or marital status which treats students differently on the basis of sex.

(b) *Pregnancy and related conditions.* (1) A recipient shall not discriminate against any student, or exclude any student from its education program or activity, including any class or extracurricular activity, on the basis of such student's pregnancy, childbirth, false pregnancy, termination of pregnancy or recovery therefrom, unless the student requests voluntarily to participate in a separate portion of the program or activity of the recipient.

(2) A recipient may require such a student to obtain the certification of a physician that the student is physically and emotionally able to continue participation so long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.

(3) A recipient which operates a portion of its education program or activity separately for pregnant students, admittance to which is completely voluntary on the part of the student as provided in paragraph (b)(1) of this section shall ensure that the separate portion is comparable to that offered to non-pregnant students.

(4) A recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom in the same manner and under the same policies as any other temporary disability with respect to any medical or hospital benefit, service, plan or policy which such recipient administers, operates, offers, or participates in with respect to students admitted to the recipient's educational program or activity.

(5) In the case of a recipient which does not maintain a leave policy for its students, or in the case of a student who does not otherwise qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom as a justification for a leave of absence for so long a period of time as is deemed medically necessary by the student's physician, at the conclusion of which the student shall be reinstated to the status which she held when the leave began.

#### **§ 106.41 Athletics.**

(a) *General.* No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club or intramural athletics offered by a recipient, and no recipient shall provide any such athletics separately on such basis.

(b) *Separate teams.* Notwithstanding the requirements of paragraph (a) of this section, a recipient may operate or sponsor separate teams for members of each sex where selection for such teams is based upon competitive skill or the activity involved is a contact sport. However, where a recipient operates or sponsors a team in a particular sport for members of one sex but operates or sponsors no such team for members of the other sex, and athletic opportunities for members of that sex have previously been limited, members of the excluded sex must be allowed to try-out for the team offered unless the sport involved is a contact sport. For the purposes of this part, contact sports include boxing, wrestling, rugby, ice hockey, football, basketball and other sports the purpose or major activity of which involves bodily contact.

(c) *Equal opportunity.* A recipient which operates or sponsors interscholastic, intercollegiate, club or intramural athletics shall provide equal athletic opportunity for members of both sexes. In determining whether equal opportunities are available the Director will consider, among other factors:

- (1) Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes;
- (2) The provision of equipment and supplies;

- (3) Scheduling of games and practice time;
- (4) Travel and per diem allowance;

- (7) Provision of locker rooms, practice and competitive facilities;
- (8) Provision of medical and training facilities and services;
- (9) Provision of housing and dining facilities and services;
- (10) Publicity.

Unequal aggregate expenditures for members of each sex or unequal expenditures for male and female teams if a recipient operates or sponsors separate teams will not constitute noncompliance with this section, but the Assistant Secretary may consider the failure to provide necessary funds for teams for one sex in assessing equality of opportunity for members of each sex.

(d) *Adjustment period.* A recipient which operates or sponsors interscholastic, intercollegiate, club or intramural athletics at the elementary school level shall comply fully with this section as expeditiously as possible but in no event later than one year from the effective date of this regulation. A recipient which operates or sponsors interscholastic, intercollegiate, club or intramural athletics at the secondary or post-secondary school level shall comply fully with this section as expeditiously as possible but in no event later than three years from the effective date of this regulation.

#### **§ 106.42 Textbooks and curricular material.**

Nothing in this regulation shall be interpreted as requiring or prohibiting or abridging in any way the use of particular textbooks or curricular materials.

In the case of a recipient which does not maintain a leave policy for its employees, or in the case of an employee with insufficient leave or accrued employment time to qualify for leave under such a policy, a recipient shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom as a justification for a leave of absence without pay for a reasonable period of time, at the conclusion of which the employee shall be reinstated to the status which she held when the leave began or to a comparable position, without decrease in rate of compensation or loss of promotional opportunities, or any other right or privilege of employment.

(Authority: Secs. 901, 902, Education Amendments of 1972, 86 Stat. 373, 374; 20 U.S.C. 1681, 1682)

this section shall not apply to an educational institution whose primary purpose is the training of individuals for the military services of the United States, or the merchant marine;

**(b) Preferential or disparate treatment because of imbalance in participation or receipt of Federal benefits; statistical evidence of imbalance.**

Nothing contained in subsection (a) of this section shall be interpreted to require any educational institution to grant preferential or disparate treatment to the members of one sex on account of an imbalance which may exist with respect to the total number or percentage of persons of that sex participating in or receiving the benefits of any federally supported program or activity, in comparison with the total number or percentage of persons of that sex
