Memo to: ACCJC External Review Team Members

From: Barbara A. Beno, President

Subject: Institutional Fiscal Data and Updated Requirements for Evidentiary Documents

In 2007, the ACCJC convened a Fiscal Review Task Force comprised of auditors, chief financial officers and chief executive officers to identify the fiscal data and documents that should be used to address Standard III.D, Financial Resources, during comprehensive external evaluations. The Commission then published the three documents listed below to assist institutions and evaluation teams in examining institutional compliance with Standard III.D.

In 2011, the ACCJC convened a second task force, named the Ad Hoc Financial Review Task Force, to review and update the ACCJC’s evaluation practices. The result has been updates to the “Required Evidentiary Documents for Financial Review. The Task Force’s work also resulted in some minor changes to the Guide to Evaluating Institutions, Standard III.D.

These three documents can be used together by institutions engaging in self evaluation and by teams evaluating institutions. The first two below were revised in early 2015 to reflect recent changes in the language used in audits.

- The “Required Evidentiary Documents for Financial Review” (2015) form lists the minimum evidentiary documents that an institution should provide the visiting team before or during the team visit. The form has been customized to the Commission’s institutional membership and the institutional fiscal documents available. There are distinct forms for California public institutions, Hawai’i and Pacific public institutions, and private institutions.

- The “Explanatory Matrix of Auditor’s Opinions” is provided to insure that team members can interpret fully the annual external audits that are required of each institution accredited by the ACCJC.

- The “Sample Schedule of Financial Trends and Analysis” form is used as an example of how an institution might present the required three-year fiscal trends analysis to the team.

**Effect on Report:**
A separate explanatory paragraph preceding the opinion describing the accounts or transactions that could not be audited and “Since” notation within the last paragraph. E.g., “Since the accounts and transactions as of month/day/year materially affect the determination of financial position, results of operations and cash flows, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on the financial statements referred to in the first paragraph.”

## Emphasis of Matter Paragraphs or Other-Matter Paragraphs

| UNQUALIFIED OPINION  
WITH REQUIRED EXPLANATORY LANGUAGE | Going Concern | Entity's financial condition is such that there is a doubt as to the ability to continue in the future |
|-------------------------------------|--------------|------------------------------------------------|

**Effect on Report:**
A separate emphasis of matter paragraph after the opinion. E.g., “The accompanying financial statements have been prepared assuming that the Entity will continue as a going concern. As discussed in the Notes to the Financial Statements, the Entity has incurred losses in the past three years and has a negative Net Asset Balance at month/day/year. These conditions raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters are also described in the Notes. These financial statements do not include any adjustments that might result from the outcome of that uncertainty.”

Revision: February 2, 2015
The District's Unrestricted Fund Ending Fund Balance has decreased by $326,850 over the past three years. The fiscal year 2005-06 budget projects an increase of $6,247. The State Chancellor's Office and the District Board Policies recommend a reserve level of at least 5% of Unrestricted Expenditures be set aside as a reserve for economic uncertainties. The District has met this requirement during the 2004-05 fiscal year.

The District's long term obligations consist primarily of general obligation bonds which are repaid through the assessment of local property taxes, and lease purchases for operating equipment. The second series of bonds were issued to fund construction of the new library during the 2004-05 fiscal year.

The primary unrestricted funding source for the District is State Apportionment which is calculated primarily based upon Full Time Equivalent Students (FTES). The ability to fund the FTES is based upon the State legislature. While funded FTES has been increased over the past several years, student enrollment continues to increase and unfunded FTES for the 2005-06 fiscal year were 376.

The 2005-06 Budget is included for purposes of additional analysis and has not been audited.
