

Dear: Student Government

My name is Armando Dimas. I am interested in running for BCSGA to represent my fellow peers and to help make college more safe and friendly for everyone. I will bring my previous experience of my past student government past positions (Monterey Peninsula College senator at large, Activities Director, EOPS club president, Lobo Ambassador, The National Society of Leadership and Success First Chapter President). Bakersfield College has a student government to represent the interests of every student regarding campus and classroom environment also to help students who are in need. I would bring to BC Renegade Community is my past leadership training during my past years of holding student government positions.
