### **NOTES:**

**Accreditation Visit Update: Jason Stratton, Neeley Hatridge, Talita Pruitt:** Discussed the ISER and where the Facilities & Sustainability plays a role in the document. Shared the Bluff notes – discussed important role in understanding what is in the document when the visiting team arrives October 1-5.

**Measure J Update: Bill Potter:** Moving quickly through the parking lot project. Will be completed by October 15. Providing for ADA Accessibility in addition to providing for safer parking. Discussed the ABC building and the Science & Engineering Building with more specifics to come. Athletics complex is in RFQ process currently.

**ACTION:** Bill will make available the new Facilities Accessibility Plan created this summer on the committee webpage.

**Campus Projects Update- Current/Summer Projects: Bill Potter:** Discussed the future plans for other buildings at Arvin, Delano and other sites. Handed out the current list of completed projects under the scheduled maintenance dollars – and the summer projects that were completed. Ran through the projects. Statewide, funding has been drastically cut from this year's scheduled maintenance dollars. Almost half – to \$245k. – This will mean further prioritization of projects from the Program Review Cycle 2018. Benker asked about green space parking – electric parking – it's on wish list of future projects, currently without funding source. Pam Kelley asked about the trash cans for the tennis courts – Bill will locate.

Meeting Adjourned at 2:10pm
