

Instructions: Prior to the AACC Pathways Institute #2, each college is asked use the template below to list the number of students enrolled at your college in the fall 2015 term by the program in which each student is classified in your student information system. The list should include all program designations your college uses, including (if applicable) "undecided," "undeclared," "general education," "liberal arts," "developmental education" "dual enrollment," "continuing education", "ABE, ASE/GED, ASE," "missing", etc. as well as specific CIP code programs. Use whatever program designations your college uses, but be as specific as your classification system allows. Every student enrolled should be included in these program counts. For questions about how to fill out this report, please contact [Hana Lahr of CCRC at lahr@tc.columbia.edu](mailto:hana.lahr@tc.columbia.edu).

Unduplicated Headcount Enrollment by Program: Fall 2015
