

My name is Jocelynn Landon and I'm in my second year at Bakersfield College studying Liberal Studies. I'm interested in being part of the BCSGA as the SGA Student Activities Manager because one of the most important things, besides academics, are the activities and events that the students have the opportunity to join and participate in on campus. Events are held to meet new people, socialize with like minded individuals, and it gets you involved with what it means to be a Renegade by participating in on campus activities. I would be successful as the student activities manager because I'm super creative when it comes to ideas for things to do, I enjoy going to activities that Bakersfield College puts on, and I have various roles in leadership positions that make me have experience in upholding the duties and responsibilities of being an officer. To name a few, I have been a secretary, assistant director, and manager for clubs in the past. With those roles I have gained many skills such as time management, written and verbal communication, attention to details, and adaptability that would enable me to perform the responsibilities of the position. Bakersfield college has a student government to ensure that the students have a voice within the campus, and I want to be a part of that.
