

I am interested in being appointed to this position because I want to be more involved at Bakersfield College and be a part of the voice of my fellow classmates and students. I have no previous experience in student government, but we all start somewhere, and I want to start here.

Some skills that I hold to be successful in this position are good communication, teamwork, responsibility, and critical thinking. I believe these are some of the many skills one needs to be in a senator position. We will be working together, as a team, communicating what we need to do for our students.

Bakersfield College has a student government because it is the voice of the students. The student government represents the students' needs, and many other aspects such as school events and the safety of our students.

Sincerely,

Karen Zenteno
