I have always wanted to be part of a community that can make a positive change in some way. I want to use this position to help improve the campus, as well as to help students succeed and have a positive experience. I want to give students the opportunities and resources they need in order to succeed. Every student on campus who is willing to learn should receive all the help they can get, and I would love to be that person to do the job.

I have always enjoyed sharing my ideas and opinions with others, as well as solving complex problems. I am seen as a kind and open-minded person. I enjoy helping others; I like to listen to their opinions and thoughts on a matter, which makes me a great addition to a team and work well with others. In my past jobs I have had to plan events and interact with people from different geographical locations, which has helped my creativity and social skills. I am hardworking and determined to do my best. I am diligent in the things that I am striving for, and passionate to help change the world in different and positive ways. I believe these are skills that can help me be successful in this position.

3. Why does Bakersfield College have a student government?

Bakersfield College has a student government because we need people to represent the students by voicing their opinions, ideas, and thoughts as a whole to ensure that the right decisions are being made for our school. The student body works alongside the staff to voice their thoughts and opinions in order to make governmental decisions that can make changes.

4. What will you bring to the BC Renegade Community?

If given the opportunity, I will bring my determination and enthusiasm to this community in hopes of improving our campus together. I believe that my open-mindedness and dedication can make me a great addition to the Renegade Community.
