**Tuesday, March 1, 2016 at the
Hilton Los Angeles Airport
5711 W. Century Blvd., Los Angeles, CA 90045**

and

**Thursday, March 3, 2016 at the
Crown Plaza San Francisco Airport
1177 Airport Boulevard, Burlingame, CA 94010**

9:00 a.m. to 3:30 p.m.

Workshop begins promptly at 9:00 a.m. A light continental breakfast and lunch are provided.

Purpose of the Workshop:

This interactive workshop will help participants take assessment of learning outcomes from the course level to the program level. The workshop focus is on instructional program student learning outcomes for degrees and certificates. It will include work on case study material, as well as small group work on program materials brought by participants. The presentation and discussions will be about applying principles and effective practices of program level assessment of student learning. Colleges may wish to send single participants or to send teams. **Registration is open on a first come/first served basis and seating is limited. Please register immediately to ensure your place at the workshop!**

Workshop Presenter:

The workshop will be led by Dr. Linda Suskie, author of *Assessing Student Learning: A Common Sense Guide* (Jossey Bass). Dr. Suskie is a nationally recognized workshop presenter. ACCJC staff will be present to answer questions related specifically to accreditation expectations.

Workshop Outcomes:

By the end of the workshop, participants will be able to:

- Identify and articulate program learning outcomes that capture the essence of a program.
- Consider and select potential tools and strategies to assess program learning outcomes that build on assessments of course learning outcomes.

- Articulate to colleagues the value of looking at student learning outcomes from a program perspective.
- Develop a “to do” list of next steps to organize and implement assessments of program learning outcomes.

Who Should Attend this Workshop:

Department chairs, curriculum committee members, SLO coordinators, instructional program faculty, deans, and others who work in student learning outcomes and assessment.

Note for Attendees:

Please bring with you the curriculum and catalog description of two degree programs for which you would like to work on the program-level student learning outcomes and assessment methods during the workshop.
