

Multiple Measures for MATH Current High School SENIORS

These criteria are based on Cumulative GPA (9th-11th grades) and the grade of the highest math class completed prior to senior year. These should be used disjunctively with the assessment test. Meaning, a student's placement should be based on analysis of both the assessment test and MM criteria. The student should be placed based on the higher of the two.

Place as assessed unless:

BC Math Course	Minimum Final HS Course Required for Placement (C or better)	Complete Cumulative Data Through <u>Junior Year</u>
<u>Calculus I</u> MATH B6A <ul style="list-style-type: none"> • BC Placement Test Code MMM, Score 06 	Passed <u>Pre-Calculus</u> , <u>Math Analysis</u> , <u>Trig.</u> , or higher	<ul style="list-style-type: none"> • CUM. GPA \geq 3.6 or • CUM. GPA \geq 3.2 AND Pre-Calculus (C or better)

Note: Use test score if none of the above criteria are met.		

Transfer/Degree Applicable

These criteria should **ONLY** be used for students that have completed their junior year and are currently completing their senior year of high school.

- Always use final grade earned (second semester).
- Do NOT use if the student is taking special education classes in high school.
