

The data in the Local Vision Goals on NOVA is taken from the Student Success Metrics (SSM) on the Launchboard. However, when the SSM metrics are updated, there may be a slight (less than 24 hours) lag before the NOVA numbers are updated.

The Chancellor's Office and the Launchboard team are working hard to improve the metrics in the SSM in response to questions, comments, and suggestions from the field. As they do so, you may see some changes in the baseline data on NOVA over the next two to three weeks. For example, data on two of the Vision Goals, Annual Earnings and Living Wage are currently missing until updated data is available. It is critical to use these baseline data with caution until notified in this space that the data is final.
