Please share as many details as possible such as room location(s), type of facilities request, remodel or construction request, safety concern, or furniture request. If you have a cost estimate, that would be helpful, we will contact you for more details.

I am requesting the following facilities need:

1. We need a new water fountain. The current one has a broken handle and doesn't function properly.
2. We need to repair all broken locker handles in the locker hallway.
3. We need some touch up painting done in the locker hallway. There are a few places where the paint has peeled of the wall.
4. We need to replace all water soaked ceiling panels. Several have water stains or are even falling apart and need to be replaced

Center FA building Bathroom

1. The faucets in the bathrooms in the center FA building need to be replaced as they are always left running. We need to replace them with timed faucets that shut themselves off. Every time I walk past these bathrooms the faucets are left running.
2. We need a new bathroom stall in this bathroom as the current is old and has been painted over so many times the paint is bubbled and peeling. Also the lock on the stall doesn't work.

Custodial attention

Comments: The Art Department has been cleaned in a sporadic and haphazard way for many years. The department requests consistent cleaning, not just disposal of trash. The department is filthy, floors are seldom cleaned, dust, dirt, spider webs, cockroaches are ever-present. Restrooms are generally filthy and smell badly at the end of every week.
