Services Provided

- Provide for safety and security operations of College Community at all BC Campuses
- Patrol operations
- Administrative operations
- Parking services/traffic control
- DSPS cart service
- Parking enforcement/traffic control/citation review and appeal process
- Special events
- Emergency Responder/Active Shooter Training
- Rape Aggression Defense Training District Wide
- First Aid/CPR/AED Training District Wide
- Active Shooter Training Video Located at https://www.bakersfieldcollege.edu/public-safety/active-shooter

Please encourage all faculty to share this video with their students at the beginning of each semester. It is crucial that we provide our students with the opportunity to possess this life saving knowledge in the event that an active shooter situation comes to our campus.
New Cadet Program

Panorama Campus

The cadet program and night escort program were blended together.

Currently we have 15 cadets. They provide us with extra eyes and ears and notify officers when they observe someone or something suspicious.

Cadets are provided a distinguishing uniform for high visibility. They are also given a radio and flashlight.

The cadets also provided over 150 evening escorts last semester. This number will increase as we had a late start in the hiring process last semester.
Provide shuttle service to the three major student parking lots. This will draw back to campus students that are currently parking on the streets and residential neighborhoods. They will not have to worry about parking in the faraway lots due to regular shuttle service to those areas. It will encourage students to purchase parking permits and utilize parking on campus.

We can purchase (3) 15 passenger shuttles for a total out of pocket expense of about $7,500 by using grant funding from the San Joaquin Valley Air Pollution Control District which we can use $20,000 towards the purchase of each clean air vehicle saving the college about $60,000.
