SPECS

Width 16 1/2 Inches

Serve delicious sno cones in a variety of tasty flavors with the Carnival King SCM250 sno cone ice machine! This ice machine can grind up to 500 lbs. of ice per hour to ensure you have a constant supply of ice during your busiest hours. Its 4 1/4" diameter hopper makes it easy to drop ice into the grinding mechanisms, while the ergonomic handle has a comfort grip so you can effortlessly press down on the ice for processing.	Height	25 inches
	Hertz	60
	Phase	1
	Voltage	120 Volts
	Bowl Material	Acrylic
	Horsepower	1/4 HP
	Output	500 Pounds Per Hour

The hopper is made of stainless steel for long-lasting durability, and its 1400 RPM motor is designed to give you the power and reliability you need throughout the day. And thanks to its 1/2" rubber feet, you can be sure this unit will stay in place while in use. Comes with a 4' cord and NEMA 5-15P plug. CE Listed. Please consult the manual for additional information.

Customer Reviews

Overall User Rating: ★★★★★ (5.0 stars from 2 reviews)

First the packaging; they did a great job with the Styrofoam and by reinforcing the box corners with thick cardboard. The Snow Cone Ice Machine was as described, it looks good and the ice comes out very fine.

Luis H. from Lucy's Ice Cream Posted on 04/02/2015

We love using the snow cone machine. It is loud but we still enjoy it very much. The machine is not heavy which I thought it would be. Easy to move from one place too another.
