

## Social and Behavioral Sciences April Report

Prepared by Christie Howell, Faculty Lead

### Progress:

We have an amazing group. I want to report that we continue to work for our students. That we continue to meet, email each other, and call as we have questions or need assistance. We are all concerned with working with our students to make sure they continue to do well in their courses and that they get the classes they need.

We met this month via Zoom. We had a good turnout and got quite a bit of work done. We focused this meeting on what is working. What do we want to make sure we are doing. It was a good meeting, very informative.

### Challenges:

Getting updated data for our momentum points. The data I have to work with is from Fall 2019.

Computer and network issues can make meetings difficult.

Questions: none at this time
