**Standing Committee appointments**
Calls for membership of committees will go out near the end of spring semester (April, with the current calendar) and at the beginning of fall semester (August, with the current calendar). The Senate will make every effort to appoint as many faculty who are willing to serve on committees. The Standing Committee Request Form allows faculty to rank their first three options for committee service, which ranking will be used to inform committee appointments. The Senate Administrative Secretary will keep track of the date and time of all requests.

To uphold the college’s Core Value of Diversity**, the Senate will consider diversity, equity, and inclusion* within and throughout the committees. The Senate will confirm committee appointments at their first annual meeting taking into consideration the following criteria in the event that there are more nominations than appointments available:

Standing committees with department, pathway or area representation:
- Status. Preference for tenured or tenure-track professors.
- Submission date and time. Preference for sooner.

The Senate encourages departments, pathways, and areas to consider diversity, equity, and inclusion* when considering faculty representation.

Standing committees without department, pathway, or area representation:
- Status. Preference for tenured or tenure-track professors.
- Representation. As many departments, pathways, or areas represented as possible.
- Submission date and time. Preference for sooner.

After the Senate’s initial appointment, all remaining appointments to committee vacancies will be filled by submission date and time with preference for sooner.

** BC Core Value of Diversity: We insist that diversity be valued and promoted, recognizing that multiple perspectives lead to a better education and knowledge of the world; listening and witnessing different experiences helps us to understand and contextualize power and privilege related to gender, race, class, religion, disability, and sexuality in terms of access and barriers to resources and opportunities.
Diversity: The myriad of ways in which people differ, including the psychological, physical, cognitive, and social differences that occur among all individuals, such as race, ethnicity, nationality, socioeconomic status, religion, economic class, education, age, gender, sexual orientation, marital status, mental and physical ability, and learning styles. Diversity is all inclusive and supportive of the proposition that everyone and every group should be valued. It is about understanding these differences and moving beyond simple tolerance to embracing and celebrating the rich dimensions of our differences.

Equity: The condition under which individuals are provided the resources they need to have access to the same opportunities, as the general population. Equity accounts for systematic inequalities, meaning the distribution of resources provides more for those who need it most. Conversely equality indicates uniformity where everything is evenly distributed among people.

Inclusion: Authentically bringing traditionally excluded individuals and/or groups into processes, activities, and decision/policy making in a way that shares power.

BC Core Value of Community: We commit to the wellbeing of all members of our community; we maintain strong ties with the surrounding community, and we respond to their needs by serving as an open institution which engages all students, faculty, and staff; in our college, we have built and continue to build an environment in which all members participate as a community through democratic engagement.

BC Core Value of Learning: We foster curiosity, inquiry, critical thinking, and creativity within a safe and rigorous academic environment so that we might be empowered to radically transform our community into one that gives voice and power to all people.
