Bakersfield College: S.G.A

Letter of Intent

Dear Bakersfield College S.G.A,

As a current student of Bakersfield College, I feel, that in order to involve myself in the political performance of our school, it would be necessary to invest my time in organizations that would provide me with the opportunity to do so. That is why, I, Dezi Von Manos, a Communication Major at Bakersfield College, am applying for the SGA position entitled Director of Legislative Affairs.

I understand many legal, business, and networking aspects of collaboration between a group or groups of people that would allow for the proper functioning of an institution. It is because of this understanding, that the skills I set forth for the application of SGA, Director of Legislative Affairs, will allow me to succeed in this position.

My skills include, but are not limited to, reliable time management, strong work ethic, critical thinking, problem solving, bilingual, adaptability, collaboration, leadership and effective communication. Not only have I expressed my skills through my academic performance here at Bakersfield College, but I have also extended the use of my skills through my participation in campus organizations such as M.E.Ch.A and through my student worker position I hold with Supplemental Instruction, in which I teach Rhetoric Argumentation as well as Organizational Communication.

As you can see, I actively aide students in multiple areas of life, and if given the opportunity to assist the SGA of Bakersfield College with that aide, I believe that together, the political body of authority within our campus would continue to thrive. Afterall, the basis for Bakersfield College having a Student Government is to provide a voice for the students in which their opinions, concerns and needs will be presented to a higher authority, in an equal and professional manner, and I would be honored to stand by a government that maintains equality among its students.

Respectfully Yours,

Dezi Von Manos
