

Carl Wren  
Letter of Intent

1. I am interested in running for BCSGA because I want to remain involved in school, and I want to help out as much as I can and help as many people as I can. I just love to help out.
2. I have the skills of already being in a position of leadership. In high school, not only was I in ASB, I was senior class president. I was in leadership, people always came to me. Also, I'm great at talking to people because I'll talk to pretty much anybody. I'm a really outgoing person who is a social butterfly. I work well with a team, and I bring a creative mind to the team as well.
3. Bakersfield has a student government because of the students. Our job is to serve the students, to make their college experience better, to make it fun; to make it safe; to make it a place where students shouldn't be scared to be themselves; to put events on for the student body. There wouldn't be a government without the students.
4. I will bring a sense of pride, love, and courage. A sense of pride as in to love your school, wear its colors, and show your spirit! A sense of love as in I love everybody and I truly care about them, I want to make them better. A sense of courage to help somebody get through something or just help them become stronger.
