

Greetings,

I regret to inform you all that I am resigning from my duties as SGA Activities Manager, and Secretary. I am going to be attending CSUB in the spring of 2023, to continue my studies in Journalism and Political Science. It has been an absolute blast working with every one of you and discovering the joy that it is to be a Renegade by helping promote events to better the well-being, education, and spirit of BC students. In my time I honestly can say that I learned things about myself that I never thought I would learn, and for that, I will cherish the memories, lessons, and creativity that these positions gave me. This wasn't a light-hearted decision and it's something that I was struggling to decide for myself for a long time, yet I know that I will stay in touch, come visit, and keep tabs on all things BC. Once a Renegade, always a Renegade is something I am so proud to say! This office has become a home, and the people in this room have become a family. I'm beyond happy to see the growth that everyone has made since their first day in office, and I am forever cheering you on. This is never a goodbye, but a see you later, and I can't wait to hear all about all that you accomplished.

Best,
Jocelynn Landon
