Re: Pride Pool Party

As an advisor of SAGA I am delighted to support the Pride Pool Party. I've been an advisor of this club for over a decade and the body dysmorphia experienced by our trans, non-binary and non-societally expected body shape membership is deep and profoundly life-altering. My hope, along with our members, is that this event will help all of us feel more comfortable and safer in our bodies in a space where we are usually disconfirmed and feel unsafe.

Peace,
